1. INTRODUCTION:

- 1.1. Overview:

- One of the most valuable life skills is learning how to manage money, but it is important to start at the beginning. Why we use money in the first place and how to get the best value with our money should be explained. We should also explore our relationship with money.

- Taking the time to understand the influence that money has in our lives can help to contribute to a healthy relationship with money. Students will learn through lessons and activities how money works and how they can make the most of it, thus ensuring they have better control of their money in the long run.

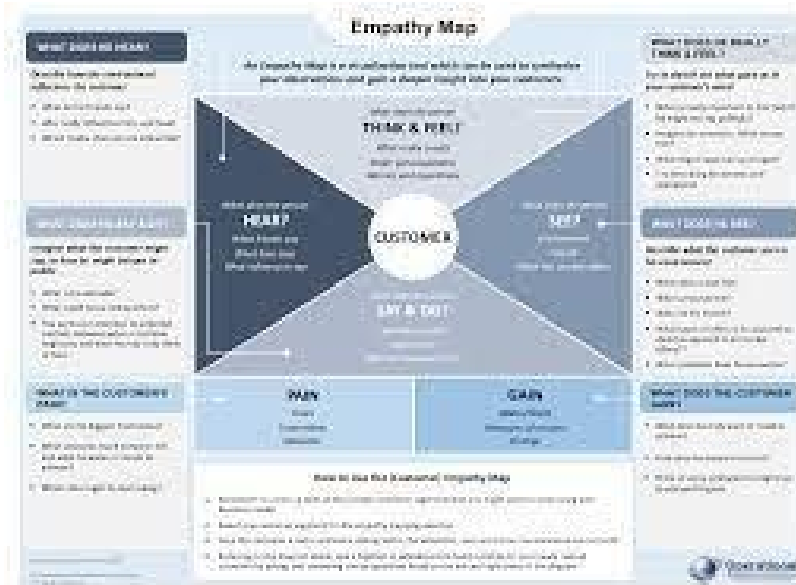

••

- 1.2. Purpose:

- The Money Matters module shows students how to manage their money by preparing a personal spending plan and identifying ways to decrease spending and increase income.

- 2. PROBLEM DEFINITION & DESIGN THINKING

- 2.1. Empathy map:

2.2 Brainstorming map:

4. ADVANTAGES AND DISADVANTAGE:

Advantages:

- Money gives you freedom. When you have enough money, you can live where you want, take care of your needs, and indulge in your hobbies. ...
- Money gives you the power to pursue your dreams. ...
- Money gives you security.

Disadvantages:

- No interest charges. There are no additional charges when you pay with cash. ...
- Makes it easier to follow a budget. Cash can help you to stick to a budget. ...
- Cons:
- Less Secure. Cash is less secure than a credit card. ...
- Less Convenient. ...
- Your cash savings may not cover certain expenses. ...

5. APPLICATION:

Money Matters Money Advice Centre has secured funding from The British Gas Energy Trust, to allow us to provide a vital service to vulnerable and struggling clients who reside in Glasgow and South Lanarkshire. This "More Electricity & Gas Assistance" (MEGA) fund is to be used for the provision of those in priority need or who have been affected by the cost-of-living crisis.

MEGA Fund - More Electricity & Gas Assistance fund is available to customers with prepayment meters. Our Emergency Utility Credit Vouchers (maximum of 3 vouchers allowed per individual or couple/family) for all fuel company customers with pre-payment meters (each voucher value will be a maximum of £49..

Applicants' personal data will not be used for any marketing purposes. We undertake to preserve the confidentiality of all information you provide to the Money Matters Money Advice Centre.

6. CONCLUSION:

Personal financial management is done by every individual on some level. The key is to strike the right balance between income, expenses, savings, and investments. This balance will ensure that the personal financial planning and management of the individual are optimum.

7. FUTURE SCOPE:

The field of finance has a huge scope in future. As finance is an integral part of our economy, Financial Managers will always be in high demand. If you want to build a career in finance, the most popular sectors include corporate finance and public banking, credit and financial planning, and asset management.

8. APPENDIX:

Budgeting, investing, saving and even spending are all a part of money management. So how do you build money confidence and reduce anxiety about your financial goals? Finding ways to better manage your money—and your mindset
